"INTERNET MARKETING" FOR FREE?

(Terms of Use of Our Free Products)

I do not like the phrases: "*Make money online*"; "*Work from home*"; "*Internet Business*"; "*Become a successful internet marketer*"; "*Online money*" and so on. Because these are slogans of a dying era, the era of the Capitalism, where the main ideal is "Making money", whether you create VALUE (not price) or destroy this value. This is a vicious social and public system in which the highest human quality is "Making money" instead **creating a public-necessary value for other people's development**, instead **mutually beneficial cooperation with shared technologies**, instead **empathy**, instead **constructivity**, instead of **creativity**, instead of **love between people**. So my slogan is:

"Be good (professional), do good (development for other people)!"

Because in the New Age, people will not be interested in money, because they will become into a simple information system for exchange of labor, exchange of value, not as they are now – nothing and no paper and iron that does not reflect the VALUE (working time; productive force of the labor; qualification; quality...) of the products, and instead of them – only false labels hiding the content of the "bottle" (the labor, the value).

Therefore, the main purpose of our site is to teach you to be useful to other people, spreading knowledge not only about online marketing but also how to acquire the human qualities of the New Age (emphasized above in red). "*Knowledge will make you free*" (to develop as a human being) rather than as a bio-robot, performing a software program (soulless psychopath) for cash-making. That's why we offer you the internet marketing materials in the most accessible, easy and efficient way to use.

This internet marketing course aims to train our affiliates and distributors who will sell our core product "**YOGA – UNIVERSAL METHODOLOGY**". (or when this product is available) and our internet services, tools, courses etc. People who have purchased our core product will gain access to the entire marketing course for free, and for other our products or services below there is other instructions. Very often there will be additional courses and tools (paid or free of charge). For now, we do not know what they will be, because the programmers are constantly making discoveries, inventions, new technologies and techniques.

I strongly hope that when we make the New Society, in which the money will be in their normal role (an information system for labor exchange) and not as now for pillaging of labor, then our products will quickly become cheaper until they finally become free. Because a normal society will have plenty of goods, which is now unattainable, because 5% of all people on Earth own 95% of the world's wealth but creates no goods for others people through these 95%, but uses these 95% to guard and multiply their thefts.

The primary purpose of our core product ("**YOGA – UNIVERSAL METHODOLOGY**") is to show the people their personal mistakes or the mistakes of the social order, how to overcome them, and how to make a New Perfect Society, developing in harmony with the Natural Laws but not according to the current legal "laws", designed to hide and legalize the "laws" for theft of another's labor, which is in war with natural laws.

When you buy a product or service from us and the time limit for quality check ("**Money Back Guarantee**") expire, you will receive two Internet Marketing guides monthly (if your service installments are monthly; or complete set, if your payments are an annual). We even give you the opportunity to choose the title of a preferred course for the moment because everyone has an individual and unique career development and set their own priorities for the time being, i.e. every month you will be able to claim **2 titles** from the course or you will receive the entire course if your installment is for 1 year. Thus we will not overwhelm you with unnecessary information and you will not fill the "drawers" of your computer (to lose memory), so we will observe the basic pedagogical principle: "**Gradualness**" for acquiring knowledge and skills. Simply enter the invoice number from the

payment, make a screenshot of the invoice (the delivery note) and send them to us as a picture. It's so simple.
